EZH₂O®

Bottle Filling Station

EZH₂O® to Go!

Elkay's new EZH2O® bottle filling station provides a **rapid** fill of **filtered** water to **quench thirst** and **minimize plastic bottle waste** in the environment!

Quick

- **Three times faster** than a standard drinking fountain
- **One-handed operation** for quick fill between activities
- **No wasted time** searching for floor-standing point of use coolers

* Fill rate is 1.1 gpm for refrigerated units / 1.5 gpm for non refrigerated units

Clean

- Electronic sensor provides **touchless, sanitary operation**
- WaterSentry® Plus filter with **enhanced** sediment capabilities
- **Water Dispenser is integrated with Silver Ion Anti-Microbial Product Protection**

Silver Ion Anti-microbial inhibits the growth of common bacteria, molds, and fungi that cause stains, odors and product deterioration for the useful life of the product.

Green

EZH2O **saves:**

- Consumer **spending** on plastic water bottles
- The **environment** from plastic bottle pollution
- **Energy** to produce plastic disposable bottles

WaterSentry® Plus Filter

- 3000 Gallon capacity*
- Quick, 1/4 turn for easy installation
- Polypropylene pre-filter mesh prevents coarse sediment from entering filter
- Made with activated carbon and patented ATS lead-removal media
- Final filter mesh prevents loose carbon from entering water
- ANSI/NSF Standard 42 and 53

*Capacity may vary depending on local water conditions.

**LZWSRK
LMABFWS-RF**

Retro-fit*

Install our bottle filling stations on existing Elkay EZ and now our EMAB Model water coolers.

LZS8WSLK

LMABFTL8WSLK

Cooler Combination*

Factory prepped units available in EZ and EMAB style coolers, single or bi-level models.

LVRCGRN8WSK

LZSTLG8WSLK

NEW!

Green Cooler*

- Area on unit available for customization
- Additional cost required
- Available on select units

See inside for full product offering.

* Fill rate is 1.1 gpm for refrigerated units / 1.5 gpm for non refrigerated units

ELKAY®

Discover the
professional's choice.™

Tradition. Vision. Conviction.

Elkay was founded as a small sink manufacturing company on the North side of Chicago. We have grown significantly from these humble beginnings, but our dedication to making innovative products and exceptional customer service remains the same.

Today, Elkay is a leading manufacturer of stainless steel sinks, faucets, water coolers, drinking fountains and bottle filling stations, delivering unprecedented levels of style and function to plumbing professionals.

We are driven by core values that have evolved since 1920, values that are reflected in every product we manufacture, and our conviction to provide total satisfaction to every customer, every day.

American Pride. A Lifetime Tradition.

Like your family, the Elkay family has values and traditions that endure. For almost a century, Elkay has been an American-owned and operated company, providing thousands of jobs that support our families and communities. We are proud to say ELKAY USA.
